

Your Guide to Mother's Day Mini Sessions

Because these moments won't last forever.
Capture your family just as you are with natural,
heartfelt portraits during this limited-time mini
session.

Hey!

I'm Emily, a family photographer passionate about capturing authentic joy and genuine connection. As a mum of two, I know how fleeting these moments are, which is why I love helping families document this time just as it is.

With over eight years' experience as a photographer and a background as a children's nurse, I'm patient, calm, and highly experienced in managing meltdowns! My family sessions are relaxed, fun, and family-led. I use natural light and gentle direction to capture genuine moments that feel true to you.

"Emily has a tender and natural way about her which completely had us at ease including my toddler who loved the experience. The results were fantastic the only hard part was trying to narrow down our selection." Natasha
